LS 50 FLEX – THE LEAD IN STAMPING: STAMPING TOOL FOR FAST AND CLEAN PERFORATING AND PUNCHING

Greenlee punching tools are quick. Can be used for making holes in mild steel and stainless steel even in confined areas by utilising the neat swivel head: Greenlee equips you with the right set for every situation. Combined with the Speed Punch, the quickest and most-efficient punching system on the market puts you in pole position. Take the lead in punching!

- ▶ High flexibility using 360° rotating head
- ▶ Help prevent broken punches thanks to the integrated pressure sensor
- ▶ Automatic stop makes the punching tools last longer
- ▶ Always ready for use due to fast battery-charging times
- ▶ Effortless operations due to ergonomic design and low weight
- ▶ 3 x quicker punching with the Speed Punch system

Characteristics

- Choose your battery system: Bosch or Makita
- All data can be easily read via Bluetooth
- LED for work area illumination
- Energy saving function with motor cut-out when the operation is complete
- Manual retraction if required
- Always ready-to-use thanks to battery charge and service display

Suitable for

- Special-shaped and rectangular punches up to 104.8 x 104.8 mm
- Round punch up to 144.1 mm
